Allied Health Professions Survey

On Student Practice Education

NHS Education for Scotland

To gather valuable data to support and guide the development of sustainable student practice education* in Scotland.

**student practice education - student placements - practice-based learning - facilitating student learning - being a practice educator - supporting student education*

Who is this survey for?

All Allied Health Professions Staff:

Including support workers, clinicians, service leads and managers working across Health and Social care in Scotland

Whether you currently support students or not..

Why?

This survey will help to:

Identify the practical challenges to delivering student placements and explore support, development and education needs of the AHP workforce
